

Feed the Hungry

GreatLife 4 All, in conjunction with Macro Foods, gives financial support to Lesea Global Feed the Hungry Foundation. The passion of the Founders of GreatLife International has always been to “help improve the lives of others” and the Feed the Hungry organization provides help to the needy on a massive global scale... and in a very unique way.

Feed The Hungry has focused on bringing help to those in need both physically and emotionally. The organization works exclusively through local churches and ministries for the distribution of food. At the same time, it reaches out to touch the spirit and soul of those in need through prayer, encouragement and sharing the Gospel. The blessing of food to a hungry soul is temporary, but the Bread of Life can change someone for eternity.
